

Initial 2011 Schedule Released

Although we are still working on some details the first cut of the 2011 schedule has been posted. We will be doing an Enduro in 2011 but have not determined a date as we will be working to coordinate this date with other tracks interested in Enduro racing. We anticipate an official announcement in mid-March. We are also working on additional classes for 2011 that may participate. Removals from the schedule are very unlikely but there may be some additions. Thanks, Looking forward to an exciting 2011!!
